DISTINGUISHED SERVICE AWARD

HARRY BLUNDELL is the recipient of the college's Distinguished Service Award for 1985. A former member of the Institutional Council, Mr. Blundell has given the college the benefit of his management and leadership experience in a variety of problem-solving situations.

For 35 years Mr. Blundell was associated with Utah Power and Light Co., beginning his career there as Assistant Treasurer, and culminating it as President and Chief Executive Officer.

The college recognizes, also, Mr. Blundell's service and leadership in professional, civic, and church organizations.

GRADUATION SPEAKER

DR. CHASE N. PETERSON, the commencement speaker, is a native of Logan, Utah. He earned his medical degree from Harvard University, but subsequently became a professor at the University of Utah Medical School from 1965-1967. However, Harvard University lured Dr. Peterson back, and for five years he was Dean of Admissions and Financial Aids to students, becoming Vice President of that university in 1972.

In 1978 the University of Utah secured his services once again, this time as Vice President for Health Sciences. He is well remembered in that capacity, also, as the spokesman for the artificial heart program, providing updates on the condition of the first patient, Dr. Barney Clark. Two years ago the Utah State Board of Regents named Dr. Peterson President of the University of Utah.
