STRATEGIC PRIORITIES 2008

- Enhance Quality Higher Education
- Improve Student Access and Success
- Advance a Culture of Evidence & Accountability
- Strengthen Institutional Support
- Expand Partnerships/Relationships with the Community and Business

SCHOOL OF APPLIED TECHNOLOGY

The goal of the School of Applied Technology is to train students for positions in entry-level vocations. Programs are designed to provide individualized, hands-on, competency-based instruction. The open-entry/open-exit enrollment feature allows students to start programs on a weekly basis and complete when they have mastered the competencies supported by business and industry.

In 2007-2008, the School of Applied Technology served 1,887 students for a cumulative total of 414,105 clock hours of instruction. Of these students:

- 948 were female (50.2%)
- 931 were male (49.3%)
- 8 did not report gender (.5%)

OUR VISION

To become the premier comprehensive community college in the United States

With locations throughout the Salt Lake valley plus online courses, Salt Lake Community College (SLCC) puts a first-rate education at the community's fingertips. The College has maintained its open-enrollment policy since its inception in 1948, which means that anyone who wants a quality education has access to a phenomenal range of courses and programs.

For six decades, one constant at SLCC has been a committed focus on providing individual attention and personal care to each and every student. The personalized attention, the broad scope of education and training opportunities, and the quality of programming have made Salt Lake Community College the place for students to take their first step into higher education and the place for professionals to take the next step to advance their careers. Yesterday, today, and tomorrow, Salt Lake Community College is the place where all members of the community can "Step Ahead."
