INTRODUCTION

The purpose of the Fact Book is to provide official information about Salt Lake Community College (SLCC). Where possible, several years of historical data has been presented to provide perspective and to show trends.

It should be noted that given the complexities and size of SLCC and the multiple special databases that are being used, when interpreting data appearing in this book, care should be taken to ensure the database is correct for the purpose for which the data is used. The Fact Book represents the official numbers of Salt Lake Community College.

The organization of the data is as follows:

Tab A. Student Enrollment

Tab B. Student Demographics

Tab C. Faculty/Staff Information

Tab D. Degrees and Awards

Tab E. Financial Information

Tab F. Facilities

Tab G. Student Input

Tab H. Non-Credit

The Fact Book was prepared by Debbie Summers and Annette Lowe from the Office of Institutional Research.

SALT LAKE COMMUNITY COLLEGE

VISION STATEMENT

Salt Lake Community College will be the premier comprehensive community college in the nation.

MISSION STATEMENT

Salt Lake Community College is a public, open-access, comprehensive community college committed to serving the broader community. Its mission is to provide quality higher education and lifelong learning to people of diverse cultures, abilities, and ages, and to serve the needs of community and government agencies, business, industry and employers.

The College fulfills its mission by:

- offering associate degrees, certificate programs, career and technical education, developmental education, transfer education, and workforce training to prepare individuals for career opportunities and an enriched lifetime of learning and growing;
- offering programs and student support services that provide students opportunities to acquire knowledge and critical thinking skills, develop selfconfidence, experience personal growth, and value cultural enrichment;
- maintaining an environment committed to teaching and learning, collegiality, and the respectful and vigorous dialogue that nourishes active participation and service in a healthy democracy.

STRATEGIC PRIORITIES

- Enhance Quality Higher Education
- Improve Student Access and Success
- Advance a Culture of Evidence & Accountability
- Strengthen Institutional Support
- Advance Partnerships/Relationships with the Community and Business

STUDENT INPUT

Salt Lake Community College surveys new students, non-returning students, and graduating students each year to better understand the needs and experiences of those attending SLCC. There is no single or typical student at SLCC. Students vary tremendously in age, in their work and family situations, and even in the reasons they attend the College.

These three surveys provide valuable data that provides important insights into SLCC's dynamic student population. As valuable as these statistics are, though, they only tell part of the story—the student population that completed these surveys possesses more diversity than statistics can describe.

Students list their primary objective in attending SLCC as transferring to a four-year institution. Students list financial demands as their greatest difficulty. Most SLCC students work at least part-time; the majority take less than a full load of college classes.

Fast Facts

- 48% of New Students reported an objective of earning a degree and then transferring
- 45% of Non-returning Students intend to re-enroll within a year
- 93% of SLCC Graduates were satisfied or very satisfied with their experience at SLCC

EXPLANATION OF THE STUDENT FOLLOW-UP SYSTEMS

On a yearly basis Salt Lake Community College (SLCC) conducts anonymous student surveys asking certain kinds of information about the College. Three surveys are conducted annually.

- The NEW STUDENT SURVEY is sent to students enrolled Fall
 Semester who have not previously attended SLCC.
- The NON-RETURNING STUDENT SURVEY is sent to those students who attended SLCC during Fall Semester but who were not enrolled Spring Semester.
- The GRADUATING STUDENT SURVEY is e-mailed to students who graduated during the academic school year.

Data from each survey is entered into a statistical software package, analyzed, and the resulting information is published here. The results that are included present each question that was asked of each of the respondents followed by the resulting percentages.

If you have any questions concerning any facet of the Student Follow-Up system, please contact the Office of Institutional Research at Salt Lake Community College.
