College

It's a wired, wired world...

Go online for SLCC's most convenient registration & payment options ever!

Get into 'MyPage'—your portal to Salt Lake Community College.

Salt Lake Community College has an online system especially for students, faculty and staff—MyPage. Once you're enrolled at SLCC, you can access MyPage by entering your Username and Password directly in the boxes at the lower left corner of the SLCC home page, www.slcc.edu. Throughout the semester, access MyPage often to find great information about the College, your courses and other campus activities.

MyPage also provides each student and instructor with an individual **email account**. Be sure to check this account frequently or forward it to another email account that you access regularly, so you don't miss out on important communications from the College or your instructor(s).

"How do I get a MyPage user name and password?"

Retrieve your MyPage user name and password by clicking on the link at the lower left portion of the SLCC home page under the "Username" box. This link is labeled: "Need your User/Pass?" You will need your Student ID Number (or "S" number) to obtain your MyPage user name and password. This number will be given to you in your Admission Acceptance Letter. You may also obtain it by presenting picture ID at an SLCC campus.

Get out of line—register and pay online using our secure Internet systems.

Registering for courses and paying online is easy! Current SLCC students may register online at anytime during the registration period—from virtually anywhere. First, log-in to MyPage at www.slcc.edu. Select the Student tab. You'll then be able to select the online service you need—Registration, Student Records, Student Account-Web Payment Portal, Financial Aid and Personal Information.

Get the courses you need—no signatures required.

Admitted students may add open courses using the online registration system during the scheduled registration periods prior to each semester and through the first five business days (M-F) of the semester. You'll be able to join any course with an open seat—no faculty signature required!

"But the course I need is already closed..."

If the course you need is closed, be sure to check for other sections (times/locations). If all sections appear to be closed, keep checking availability via online registration. If a seat opens up—and they often do—you'll be able to add the course to your schedule. Additionally, instructors may add students to their own closed courses—it can't hurt to ask.

"What is a 'Priority Ticket'?"

If you attempt registration for a course online, but receive an error because the course is full, you automatically will be issued a Priority Ticket. This Priority Ticket will allow you an opportunity to register for the same course the following semester during a special Priority Ticket early registration. If you receive a Priority Ticket, SLCC will contact you a few weeks before the next semester's registration period with details about your early registration options for the following semester. (Obtaining a Priority Ticket for a specific course does not change prerequisite requirements for that course.)

For additional information or assistance call (801) 957-4297.

ADMINISTRATIVE DROP FOR NON-ATTENDANCE

Class Attendance Policy

CLASSES ARE NOT AUTOMATICALLY DROPPED FOR NON-ATTENDANCE OR NON-PAYMENT. Students are expected to manage their class loads and personally drop classes they will not be attending as early in the semester as possible. **Tuition will be charged for classes not dropped, regardless of attendance status** (See Refunds/Adjustments to Tuition). Students hoping to add a course are also encouraged to attend that course on the first day of class.

In order to maximize registration opportunities for all students, students are **required to attend one of the first two class meetings** of all regularly scheduled classes that meet more than once per week. Students who are unable to attend one of the first two class meetings because of extenuating circumstances must inform the instructor or department office, preferably in writing, that they will be in attendance at subsequent meetings and do not want the class dropped. **Students not in attendance who have not contacted the instructor prior to the end of the second class meeting, MAY be dropped from the course by the instructor.** Students enrolled in classes that meet once per week are required to attend the first class meeting or risk an Administrative Drop for Non-Attendance.

Students enrolled in classes of high demand and/or limited availability are particularly vulnerable to a drop for non-attendance. Students dropped will receive full credit for tuition paid. Both dropping and reinstatement are at the instructor's discretion during the first 20% of the term (see schedule for specific calendar dates).

ADMISSIONS

If you are a new student or have not been enrolled during the last two years, submit completed Application for Admission with the non-refundable application fee (\$35) either Online, By Mail, or In Person. Individuals who have been Concurrent Enrollment students within the last 2 years do not need to apply for re-admission to SLCC. For on-line application and admissions information, go to www.slcc.edu → Future Students → Apply Online Now. SLCC has no admission deadlines, but students are encouraged to apply at least 16 weeks before Fall Semester or 8 weeks before Spring or Summer semesters to allow time for orientation, registration, and a better selection of classes. Non-matriculated students (not seeking a degree at SLCC) are not eligible for Financial Aid.

Beginning Summer 2008, all new Salt Lake Community College students will be required to complete an Assessment Initiative as part of their registration process. The Assessment Initiative requires that students take either the ACT, SAT, or Accuplacer examination and provide placement test scores **before they may register for classes at SLCC**. The Assessment Initiative is a student success initiative. Test scores serve only to advise and place students properly in college level coursework for their individual student success. For more detailed information, please link to <http://www.slcc.edu/enrollmentservices/misc/AssessCtrSub.asp>. For specific questions regarding the Assessment Initiative, please contact the Assessment Center at (801) 957-4269.

MATH and ENGLISH PLACEMENT - Accuplacer or ACT scores are required to register for Math or English classes unless you have completed the prerequisite course with a "C" grade or higher. Test scores and/or prerequisite courses must be no more than 1 year old for Math classes and no more than 2 years old for English classes.

PRE-REQUISITES - Check course descriptions in the CURRENT catalog to make sure pre-requisites have been met.

HOLDS - Holds must be cleared from your record. (IE: past due tuition, parking, library fines, day care, etc.)

To view holds go to → www.slcc.edu → MyPage → student tab.

AUDITING CLASSES

Students may audit most SLCC classes for the purpose of the learning opportunity it provides, according to the following conditions:

- Tuition and fees will be assessed at the same rate for audited classes as those taken for credit
- Students are not required to attend, take exams, or otherwise participate in classes they are auditing.
- Students do not receive Attempted or Earned credit hours for audited classes.
- Audited classes appear on student transcripts with an AU grade, which is not calculated in term or cumulative grade-point averages.
- Audited classes are not counted as part of student enrollment status.
- Students will not be awarded financial aid nor receive veterans benefits for audited classes.
- Audited classes will not be considered part of Satisfactory Progress for financial aid purposes.

Student should declare their intent to audit a class at the time of registration and before the DROP deadline. Exceptions may be recommended by the appropriate administrative authority. For information about Senior Citizens auditing classes, please see "Senior Citizens" below.

CHALLENGING CLASSES

Students who feel that their experience or previous knowledge would enable them to successfully challenge a course offered at SLCC may apply to take a challenge examination. Such examinations may be taken at any time during the semester at \$25 per class challenged, payable before taking the examination. Challenge examinations are not available in all classes. Students should not register for the class they plan to challenge. Classes previously taken, including those audited or failed, may not be challenged. Credits earned by challenge examinations do not contribute to enrollment status for financial aid or veterans' benefits. Upon successful completion of the examination and other specified requirements, the course will appear on the student's transcript with a "P" grade. Failed challenge exams will not be recorded on a student's transcript. Credit earned by challenge exam is not counted as in-residence credit. Contact the Assessment Center at (801) 957-4269 for further information.

CONFIRMATION AND PAYMENT

A copy of your schedule is available on MyPage at <http://www.slcc.edu> For payment information and options see sections titled: "Tuition and Fees" and "Payment Options."

GRADES

For an explanation of the SLCC grading system, please consult the current General Catalog or the college web site at www.slcc.edu.

PRIORITY TICKET

When you complete registration for a course on-line, but receive an error message because the course is full, you automatically will be issued a Priority Ticket. This allows you an opportunity to register for the same course the following semester during a special Priority Ticket early registration. Priority Tickets generated Spring are valid for Summer and Fall semesters. Priority Tickets generated Fall semester are valid for Spring semester. If you receive a Priority Ticket, SLCC will contact you by mail and email a few weeks before the next semester's registration period with details about your early registration options for the following semester. The priority ticket will be canceled, if the student adds the same class during the semester. Obtaining a Priority Ticket for a specific course does not change prerequisite requirements for that course. Be sure to check for other open sections of the class, as you may still register for any open sections of this class during the current semester until the ADD deadline (5th business day of semester).

REPEATING CLASSES

You may repeat a course when a low grade has been received. The original grade remains on the record and the course is marked as a repeated course. The highest grade received will then be used to calculate your cumulative grade-point average. Please notify Enrollment Services when you have repeated a class.

SENIOR CITIZENS

Utah residents who are age 62 and over may enroll in classes for a reduced fee under the following conditions:

- Space availability
- Classes will be taken on an AUDIT basis (no college credit).
- A \$10.00 registration fee per semester is required (plus books, supplies, parking, lab fees, etc.)

Senior citizens taking classes for credit or seeking a degree must pay regular tuition and fees and be subject to the same standards and regulations as other students.

STUDENT LOAD

Maximum student load is 20 credit hours. Students desiring more than 20 hours must obtain written approval from the Division Chair of their major subject. Enrollment for twelve or more credit hours constitutes full-time status.

DROP/WITHDRAWAL

You are responsible for dropping or withdrawing from classes you are not attending or do not intend to complete in the current semester. You can drop/ withdraw by the published deadline dates on MyPage at <http://www.slcc.edu>. If you are receiving Financial Aid or Veteran benefits please notify the appropriate office when dropping classes. **Withdrawals** will be shown as a "W" on the transcript and are not calculated as part of the grade-point average (GPA). There are **no refunds for withdrawn classes**. If you stop attending classes without dropping/withdrawing by the published deadlines, you will receive an "E" grade, which is **calculated in your GPA**.

TUITION AND FEES

TUITION AND FEES ARE DUE ON OR BEFORE THURSDAY, AUGUST 28, 2008.

This Tuition & Fees Schedule applies to all students taking credit classes during the day or evening. Non-credit and special class Tuition and Fees are listed in the semester class schedule. Student fees are included in the figures shown here.

SEMESTER TUITION INSTALLMENT LOAN (STIL)

What is the Semester Tuition Installment Loan (STIL)?

The Semester Tuition Installment Loan (STIL) is a way to spread your tuition costs throughout the semester. Housing, books, supplies and personal expenses are not included. The STIL does not reduce your financial obligation to the college, but offers an alternative to a single payment.

How do I participate in STIL?

Each Semester a student must complete and submit an online application form at : <http://mypage.slcc.edu>. The down payment must be submitted with your application. **If you are under 18 years of age**, you must print the application form, complete it with a co-signers signature and submit it to any Cashiering Office with the down payment.

Is there a charge for using this option?

Yes, a \$30.00 **non-refundable** service charge is assessed **each semester** for students submitting an application. The fee is payable with the application and installments equally.

What is the schedule of payments?

The **first payment is due when submitting your online STIL application**. The remaining balance is due in equal installments until the balance is paid in full. **IT IS YOUR RESPONSIBILITY TO KNOW WHEN PAYMENTS ARE DUE AND THE AMOUNT OF THE PAYMENT.**

How can I review my account balance?

SLCC may mail courtesy account statements, but it is the students responsibility to view your account activity online <http://mypage.slcc.edu>.

What if I am receiving financial aid?

Any tuition assistance received will be applied to obligations due to the college first, including all installment payments due under this plan. If financial aid approval results in a refund, it will be processed with the regularly scheduled financial aid checks. **NOTE:** The online STIL calculations will not show your financial aid. This will need to be calculated by yourself. Please see MyPage to make sure your financial aid has been applied.

What if my payment is late?

If your payment is **not received by the due date, you will be assessed a \$15 late fee** and a hold will be placed on your records.

What if I add classes?

If you add classes that are not on the original STIL, the tuition for those classes will automatically be added to the installment loan and your payments will increase accordingly. Please contact Cashiering to pay the increased amount.

What if I drop a class?

If you drop a class during the refund period, the amount of credit you receive, if any, will apply to your next payment.

What if my check payment is dishonored by my bank?

If your check is returned, a returned check fee will be assessed in addition to the late fee. Late fees and penalties must be paid prior to the application of any payments to the outstanding balance of the installment loan.

What if my account is not paid by the end of the semester?

SLCC pursues all financial obligations due, to the fullest extent of the law. This includes, but is not limited to: holds on registration, transcripts, grades, and graduation; liens against Utah State Tax Returns; referrals to collection agencies; and litigation. Interest will be charged at the rate of 1.5% per month (18% per year) on any amount over 30 days past due. The STIL is a loan for education, which is non-dischargeable in a Court of Bankruptcy. By signing the STIL application you agree to pay any cost incurred in the collection process of this plan including, but not limited to: late charges, attorney's fees, charges or commissions up to 50% that may be assessed by any collection agency retained to pursue this matter.

FINANCIAL AID RECIPIENTS

GENERAL INFORMATION

Students enrolled in eligible certificate or degree programs are encouraged to apply for financial aid. Grants, tuition waivers, scholarships and loans are available to eligible students to help meet educational costs. In order to be eligible for financial aid, students must be high school graduates, or have a GED, or must pass a college placement test approved by the Department of Education. For information about types of aid available and the application process, see the catalog or contact the Financial Aid Office, 957-4410.

APPLICATION INFORMATION

Financial aid applications cannot be processed until students are fully admitted and matriculated; have met ability to benefit standards (if not high school graduates or GED recipients) and have submitted all information needed to determine eligibility for aid. Verification of application data through tax returns or other forms may be necessary. Assistance in completion of applications is available at the Financial Aid Office — call 957-4410 for time and location.

AWARD PROCESSING

By institutional policy, Stafford (subsidized and/or unsubsidized) and Perkins Loans or grants other than Pell Grants will not be certified for retroactive terms. To insure that Stafford Loans will be received and disbursed before the end of any term for which the student is awarded, a loan award cut-off date will be set for each term. Loan applications awarded after that date will be certified only for subsequent terms within the award year. All new Perkins and new Stafford Loan borrowers must complete a loan counseling session prior to receiving first disbursements. Stafford loan borrowers who withdraw, drop or do not complete at least 6 credit hours must also complete an exit interview. Both entrance and exit counseling programs are available on the Financial Aid pages of the College web site, <http://www.slcc.edu/financialaid>.

WITHDRAWAL RESTRICTIONS

Students who withdraw or otherwise fail to complete their classes may fail to meet standards of satisfactory academic progress, resulting in loss of future aid. A return of Title IV funds may be necessary if students on aid withdraw from or drop all classes or fail to complete all hours.

Financial Aid Recipients information continued on next page

FINANCIAL AID RECIPIENTS (information continued)

FINANCIAL AID RETURN OF FUNDS POLICY

The following procedures will be used to determine the amount of money to be returned to federal (Title IV) funds:

The federal government defines "return of funds" as the unearned amount of financial aid that must be returned first to Title IV, then to other aid sources and the student if the student ceases to attend school. In a return of funds calculation, the total amount of financial aid a student has been awarded is multiplied by the amount of time spent in classes to determine the amount of earned aid. Earned aid is subtracted from the total aid to determine the amount of unearned aid. The resulting amount of unearned aid is distributed in the following priority order: Unsubsidized, then subsidized Federal Stafford Loan; Federal PLUS Loan; Federal Perkins Loan; Federal Pell Grant; FSEOG; other Title IV aid; other federal, state, private or institutional aid; the student. Return of funds due to the loan programs will be returned directly to the lending institution. These funds must be returned whether or not there is an institutional refund. Any funds returned by the institution will then be required to be repaid by the student.

If there is an institutional refund, the funds will be credited to the accounts in the same order as those listed above. Return of unearned aid to loan programs are due and payable by the terms of the promissory note. Return of unearned aid to grant programs will be prorated by 50%. A student will have 45 days to repay the required amount or to arrange repayment through the Department of Education. A more complete definition of this policy is available in the Financial Aid Office. For a copy of the return of funds policy or further information, contact the Financial Aid Office at 957-4410. Regulations and policies for financial aid programs change periodically. For additional information about any type of financial aid, contact the Financial Aid Office 957-4410.

SATISFACTORY PROGRESS

Students who receive federal student financial aid funds are expected to maintain satisfactory academic progress (SAP). SAP includes a qualitative measure, as indicated by the cumulative grade point average (GPA), and a quantitative measure, as determined by comparing attempted credit hours versus earned or completed credit hours within a maximum time frame. Determination of SAP takes into account the full academic record of the student's attendance at Salt Lake Community College, regardless of whether the student received federal student financial aid funds during the previous periods of enrollment.

1. Students have 150% of the published number of credit hours required for graduation in a particular program in which to complete a program successfully. For example, in an associates degree program of 63 credit hours, a student may attempt up to a maximum of 95 credit hours.
2. Course(s) for which a grade of withdraw (W), incomplete (I), Audit (AU), or extension (EX), are given are considered attempted credit hours. All credits for repeated courses count as credit hours attempted. "W" has no impact on the cumulative GPA. A student has one academic year to complete the "I" or the grade will automatically become a failing grade (E).
3. Students must successfully complete a minimum of 70% of the cumulative attempted credit hours in order to meet the minimum quantitative measure of SAP.
4. Students must also maintain a 2.0 cumulative GPA in order to meet the minimum qualitative measure of SAP.
5. Satisfactory progress is checked at the end of each term. Students who fail to maintain a 2.0 GPA and/or a 70% completion rate will have one term to meet the minimum requirements. Students who do not meet the requirements at the end of that term will lose eligibility for federal student aid.
6. Students may appeal a loss of federal student financial aid eligibility based on documented mitigating circumstances. The appeal form, along with the supporting documentation, must be submitted in writing to the Financial Aid Appeal Committee.
7. If a student is permitted to reestablish eligibility for federal student financial funds based on an appeal, the student will be placed on probation and will be given a specific number of terms to meet the minimum qualitative and quantitative standards of SAP. During the term(s) of probation, the student will be eligible to receive federal student financial aid funds.
8. Students suspended from aid due to failure to maintain the qualitative and/or quantitative standards may reestablish eligibility after they have attended without assistance and have attained the required minimum standard(s). It will be the student's responsibility to request reestablishment of federal student financial aid eligibility.
9. A student is permitted a change into a different major or into another program of study at Salt Lake Community College up to three times for financial aid purposes. If a student begins study in another major or program, the credits and grades of courses accepted toward the new major or new program's graduation requirements will be included in the determination of satisfactory academic progress in the new major or program.

ALCOHOL HEALTH RISKS

Possible Effects: Psychological & physical addiction, respiratory depression, depression of the immune system, increased risk of accidents, injury due to violence, heart disease, cancer, hypertension, brain damage, impotence at high dosage levels, drunk driving crashes. In addition, alcohol use increases the risk of unwanted sex, unwanted pregnancy, sexually transmitted diseases and acquaintance/date rape. Mothers who drink during pregnancy may give birth to infants with Fetal Alcohol Syndrome or Fetal Alcohol Effect. These infants may have irreversible physical abnormalities and mental retardation. Research indicates that children of alcoholic parents are at greater risk than other people of becoming alcoholics.

Withdrawal Symptoms-Repeated alcohol use can lead to dependence. Sudden cessation is likely to produce withdrawal symptoms including: severe anxiety, tremors, hallucinations and convulsions. Alcohol withdrawal can be life threatening. Long term consumption of large quantities of alcohol, combined with poor nutrition, can also lead to permanent vital organ damage.

Effects of Overdose-Very high doses of alcohol can cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

REGISTRATION TIPS FOR SLCC BIOLOGY CLASSES

Many Biology course (especially prerequisites for Health Science programs) fill to capacity early in the registration process.

When registering for these classes, remember the following Biology Department guidelines and suggestions.

1) Biology LABORATORY Requirements.

- Most Biology courses include a LABORATORY component.
- In all cases, the laboratory must be taken during the same semester as the lecture.
- Students who retake a course must also retake the laboratory.
- Students are required to register for laboratory and lecture at the same time.
- Students do not receive a letter grade for the laboratory section, rather, the laboratory score counts as 20 percent of the lecture grade.
- If the laboratory sections are full, students will not be able to register for the lecture.
- Be careful when changing sections as dropping out of the laboratory or lecture section may cause the registration system to also drop BOTH sections. You must add

2) Biology Placement and Prerequisite Requirements

- BIOL 1610 is the prerequisite to ALL higher numbered Biology courses.
- Registration for BIOL 1610 requires a prerequisite of:
 - a grade of C or better in Math 0990 or equivalent CPT/ACT score
 - AND a grade of C or better in RDG 0990 or equivalent CPT/ACT score.
- Students must pass BIOL 1610 with a grade of C or better BEFORE they can take higher numbered Biology classes.
- Students who earned a grade of C or better in BIOL 1170 prior to Fall Semester 2007 can register for BIOL 2060/2065, BIOL 2320/2325 and BIOL 2420/2425.
- Students who earned a grade of C or better in BIOL 1210 prior to Fall Semester 2007 can register for ALL higher numbered Biology courses
- Students presently enrolled in BIOL 1610 are allowed to register for the following term in higher numbered Biology courses, however, failure to earn the minimum grade in the prerequisite will cause the student to be dropped from the higher numbered course.
- Students wishing to meet the required prerequisite using credit transferred from an other institution must have their transfer credit officially reviewed by the Incoming Transcript Office (SC 258). Please visit www.slcc.edu/transcriptevaluation for complete details. This process may take 4 to 6 weeks to complete.

NOTE: A grade of C in BIOL 1610 is the Biology Department's requirement.

***Admission to many programs requires a higher grade in BIOL 1610.
Check directly with the program you are interested in for details.***

3) HIGH DEMAND COURSES

BIOL 1610, 2060, 2320 and 2420

- In these classes, enrolled students must attend the first lab session and at least one of the first two lecture sessions or they will be dropped from BOTH.
 - Faculty in these courses and the accompanying lab sections cannot manually add any students. Students are only able to add themselves as spots open.
 - No wait lists will be generated. Please do not contact the biology faculty or laboratory staff before the first day of the semester.
 - If you attempt to register for a course but are unable to do so because the course is full, you automatically will be issued a Priority Ticket. This Priority Ticket will allow you an opportunity to register for the same course the following semester during a special Priority Ticket early registration. In order to obtain priority registration for both a lab and a lecture, students should attempt to register for BOTH full classes.
 - Priority registration DOES NOT guarantee students a seat in any lecture or lab section.
 - Once a student has obtained a priority registration ticket for the next semester, they should continue to monitor the registration system for the current semester as new spaces and/or sections may open up.
 - Students adding Biology classes during the first week of classes should consult with their laboratory AND lecture instructors to see if they have met the attendance requirements.
- No students may be added after the first week of classes.**

DIVERSITY REQUIREMENT For AS AND AA DEGREES AND LETTER OF COMPLETION

What is the SLCC Diversity Requirement?

The Diversity Requirement is part of General Education requirements for an AS and AA degree and Letter of General Education Completion. It does not require you to take an extra course. Within the six General Education Distribution Areas you must take at least one course that also critically examines the history, contributions of and challenges confronting diverse groups within our multicultural society of the United States. These diversity courses are designated (DV) after the course titles.

Who is required to meet the Diversity Requirement?

If you started at SLCC in the summer of 2005 or later and are seeking an AA, AS or Letter of Completion, this requirement applies to you. If you are readmitted as a returning student and seeking an AA, AS or a Letter of Completion, this requirement applies to you.

How do I fulfill the Diversity Requirement?

The Diversity Requirement may be fulfilled by:

- taking an approved Diversity course within one of the Humanities, Interdisciplinary or Social Science General Education Distribution Areas. (The Diversity course may satisfy both a distribution Area and the Diversity Requirement at the same time.)

or

- taking a Diversity designated course as a "Depth" course that is defined as a second course taken in a Distribution Area to fulfill the Student Choice category.
(Note: some degree programs, such as the AS and AA in Business, prescribe a communication course for the Student Choice category and do not allow students a choice in this area.)

For More Information:

See an Advisor in Career and Academic Advising for assistance in developing an academic plan. The Advisor can assist you with how to fulfill the Diversity Requirement within your selection of General Education courses for your degree. Call 957-4978 for an appointment or stop by Academic and Career Advising offices at Redwood, South, Jordan or Sandy to set up an appointment.
