## "Continuing the Tradition of Excellence"

### Convocation Program

#### Convocation:

A derivative of the Latin word *convocatio* which literally means "to call together." Colleges and universities around the world participate in this tradition which was established in Anglo Saxon England. The original function of convocation was to assemble a group of scholars to hear, to express opinions, and to reach agreements through the exercise of free discussion. Today, convocations are generally associated with the European tradition of wearing academic regalia which consist of robes, hoods and caps. This tradition originated in the twelfth and thirteenth centuries and has been very much a part of our American heritage since colonial times.
